[FAQs ↗](#)

[Video Reviews ↗](#)

## General Info

Years of Production	2025 -
Market Availability	EU
Country of Manufacture	China
Current Status	Announced
Body Style	SUV
Price Europe (New/Used)	€56990/No data

## Range and Efficiency

Range EPA	No data
Range WLTP	615 km
Range GCC	523 km
Battery (Usable/Nominal)	94/100 kWh
Efficiency (Energy/Range)	18 kWh/100 km
Efficiency (Range/Energy)	5.56 km/kWh

## Charging

Architecture	800 V
Max AC Charging	22 kW
Max DC Charging	360 kW (200 kW at 400 V)
Charge Port	CCS Type 2

## Performance

Drive Type	RWD PMSM
Motor (Power/Torque)	310 kW (416 hp)/440 Nm
Acceleration 0-100 km/h	6 s
Top Speed	210 km/h

## Dimensions

Length	4787 mm
Width (with Mirrors/no Mirrors)	2100/1930 mm
Height	1650 mm
Wheelbase	2900 mm

## Cargo and Towing

Number of Seats	5
Curb Weight	2415 kg
Cargo Volume (Trunk/Max/Frunk)	539/No data/66 l
Towing Capacity	2000 kg

# About Zeekr 7X Long Range RWD (2025-...)

## Overview

The 2025 Zeekr 7X Long Range RWD is an exciting new electric SUV poised to shake up the European market. Starting from an anticipated €56,990, this Chinese-built challenger packs a serious punch. Key highlights for this rear-wheel-drive variant include a substantial real-world range, cutting-edge 800V battery architecture for lightning-fast charging, and a powerful single motor setup. It's aiming squarely at premium rivals, promising a blend of tech, performance, and practicality. This model is one to watch as Zeekr expands its footprint, bringing fresh competition and advanced EV technology to European buyers.

## What's New for 2025?

As an all-new model slated for a 2025 debut, everything about the Zeekr 7X is fresh! It marks Zeekr's further expansion into the competitive European electric SUV segment. Built on Geely's sophisticated SEA (Sustainable Experience Architecture) platform, the 7X benefits from the group's latest advancements in EV technology. This Long Range RWD trim, specifically, brings a compelling combination of efficiency and potent rear-driven performance to the lineup from launch. Expect Zeekr's signature tech-forward approach and a strong focus on delivering a premium experience right out of the gate for European customers.

## Design & Exterior

The Zeekr 7X Long Range RWD boasts a contemporary, aerodynamically-slick SUV silhouette, clearly part of the striking Zeekr family design language. Its dimensions are substantial: 4787 mm in length, a broad 1930 mm in width (excluding mirrors), and standing 1650 mm tall, giving it proper road presence. Expect distinctive LED lighting signatures at both ends and stylish alloy wheels befitting its premium aspirations. While specifics for this RWD trim's unique exterior cues are yet to be fully detailed, the overall look is undeniably modern and designed to turn heads on European streets.

## Interior, Tech & Cargo

Step inside the Zeekr 7X Long Range RWD, and you'll likely find a minimalist yet luxurious cabin, a hallmark of the brand, with high-quality materials. It's a five-seater, offering ample passenger space. For your gear, there's a generous 539-litre boot, plus a handy 66-litre frunk for charging cables or smaller items; maximum cargo capacity with seats folded is yet to be confirmed. Tech-wise, anticipate a large central infotainment screen running Zeekr's snappy OS, a digital driver's display, and hopefully standard Apple CarPlay and Android Auto for seamless connectivity.

## Performance & Driving Experience

This Long Range RWD variant of the Zeekr 7X isn't just about distance; it promises some proper pep! With a single Permanent Magnet Synchronous Motor (PMSM) sending 310 kW and a meaty 440 Nm of torque to the rear wheels, it'll sprint from 0 to 100 km/h in a brisk 6.0 seconds. Top speed is a healthy 210 km/h. Expect the classic engaging feel of rear-wheel drive, combined with a comfortable, well-damped ride suitable for European roads. Multiple regenerative braking modes should allow for efficient one-pedal driving experiences.

## Range, Battery & Charging

The Zeekr 7X Long Range RWD is built for distance, boasting a 94 kWh usable battery capacity. This translates to an impressive Green Cars Compare real-world range estimate of 523 km, with an efficiency of 5.56 km/kWh. Thanks to its 800V architecture, DC fast charging is blisteringly quick at up to 360 kW via its CCS Type 2 port, meaning significant range can be added in minutes. It can also pull 200 kW from 400V chargers. Standard AC charging is a very healthy 22 kW. Vehicle-to-Load (V2L) capability is also anticipated.

## Safety & Driver-Assistance Features

While official Euro NCAP safety ratings for the 2025 Zeekr 7X are pending its European launch, expect a strong performance given the brand's focus on safety. The 7X Long Range RWD will likely come loaded with a comprehensive suite of advanced driver-assistance systems (ADAS). Features such as adaptive cruise control with stop & go, lane keeping assist, blind-spot monitoring, and automated emergency braking are anticipated to be standard, reflecting Zeekr's commitment to cutting-edge safety technology, potentially leveraging advanced sensor suites for robust performance across various driving conditions.

## Warranty & Maintenance Coverage

Zeekr is expected to back the 7X Long Range RWD with a competitive European warranty package. This typically includes a basic vehicle warranty of around 5 years or 100,000 km. The crucial high-voltage battery should be covered for a longer period, likely 8 years or 200,000 km, with a performance guarantee against excessive degradation (e.g., to 70% state of health). Powertrain components usually align with the battery warranty. As an EV, maintenance needs are minimal, focusing on items like tyres, brakes, and cabin filters, contributing to lower running costs.

## How powerful is it? How fast does it accelerate?

The Zeekr 7X Long Range RWD (2025-...) achieves a 0 to 60 mph acceleration in 5.7 seconds (placing it at **Nº41 out of 118 ranked positions**, among 951 electric vehicles, with some cars sharing positions) and attains a maximum speed of 130 mph.

Its powertrain provides a power output of up to 310 kW (416 hp) and a torque of 325 lb-ft.

## How far can it go on single charge? What is the real-world range?

Zeekr 7X Long Range RWD (2025-...) achieves a real-world range of 325 miles, placing it at **Nº51 among 264 ranked positions**. However, this range is subject to several influences:

- Speed: Traveling at higher speeds reduces battery life.
- Temperature: Extreme cold or hot weather can affect range.
- Terrain: Hilly or mountainous landscapes decrease range.
- Driving habits: Aggressive driving with frequent acceleration and braking consumes more energy.
- Feature usage: Climate control and media systems also influence range.

It's important to acknowledge that these are estimations, and your actual driving range may differ. Consider these factors when planning your trip and be ready for potential charging stops.

Utilize the [interactive EV Navigation map](#) for trip planning assistance.

# What charging options are available? How long does it take to charge it?

The Zeekr 7X Long Range RWD (2025-...) in the USA comes with a CCS Type 2 charging port. It can be charged at home using a standard domestic socket or at any public AC charging station with the compatible cable. It's important to note that the car's on-board charger (inverter) limits the maximum AC charging rate to 22 kW, resulting in approximately 68 miles of range added per hour of charging.

For significantly faster charging, public DC fast-charging stations are available. Although the car can achieve a maximum DC charging rate of 360 kW, factors such as battery temperature and charge level may affect the actual charging speed.

Use [EV Charging Calculator](#) to estimate charging time, rate, and cost.

## How big is it? What are the dimensions (length, width, height)?

The size and weight specifications for Zeekr 7X Long Range RWD (2025-...) are as follows:

- Length: 188.5 in
- Width: 82.7 in (including side mirrors) or 76 in (excluding side mirrors)
- Height: 65 in
- Wheelbase: 114.2 in (distance between the center of the front and rear wheels)
- Curb weight: 5324 lbs (weight of the empty car, no people or cargo)

## How much cargo space does it offer? Does it have a front trunk?

The rear cargo area of the Zeekr 7X Long Range RWD (2025-...) provides 19 cubic feet of space when the rear seats are upright ([Nº70 out of 162 ranked positions](#), among 951 electric vehicles, with some cars sharing positions).

Folding these seats down unlocks a maximum cargo capacity of cubic feet ([Nº out of ranked positions](#), among 951 electric vehicles, with some cars sharing positions).

In addition, the car has a frunk, a front compartment with 2.3 cubic feet dedicated to smaller items.

## Is it suitable for towing? What is the maximum towing capacity?

The Zeekr 7X Long Range RWD (2025-...) is officially rated to tow 4409 lbs. This applies to trailers equipped with brakes.
